Dear Mr Chakravarti

I am writing on behalf of Down Syndrome Extra 21 to thank you for the Club's most generous donation of £500. We are always very grateful for the support we receive and would ask that you could pass on our thanks to your members.

One of the ways in which we support children with Down syndrome and their families is through organising information days for parents and interested professionals. Last year we held events in March and October covering speech therapy and education issues which were very well supported by members and professionals alike. We are currently in the process of planning our programme for the coming year, which includes speech therapy training and more education information days. We are also hoping to organise more social events for our families so that the youngsters can meet up on a more regular basis. In addition to the events that we hold, we produce a high quality newsletter three times a year, which is sent out to more than 450 recipients.

None of this would, of course, be possible without the generosity of members and friends and our own fundraising efforts. Thank you again for your support – it is very much appreciated.

Yours sincerely

Deidre Clement  
Secretary
